(g) Remarks It is proposed to use that portion of the surface drain age from the west slope of reveille Range and the east slope of Kawich Range that drains south from the divide running across Reveille Valley near the Mount Diable Base Line in connection with artesian wells. The drainage water is to be impounded in two reservoirs; one

| DESCRIPTION OF PROPOSED WORKS will flood parts of Secs. 6 & 7, T. 2 S. R. 51 E., and parts of Secs.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
